

"COMBINED FLEET OF FOUR NATIONS SAILS FOR U. S."

JULIUS MULLER WEAVES WON-
DERFUL STORY ABOUT THE
ABOVE ASSUMPTION.

WILL APPEAR IN TELEGRAPH

Most Timely Story of Day Will Be
Published in This Paper
Serially.

"Forty-eight hours later the com-
bined battle fleet of four big nations
put to sea with its army transports,
bound for the American coast. It car-
ried more than a thousand rifled can-
non of the largest calibre ever borne
by ships in all the world. There were
enough great battleships alone to
match the republic's fleet, with a
dreadnaught for every effective Amer-
ican ship of any kind."

The transports protected by this
giant fleet carrier 150,000 trained sol-
diers of the coalition. To meet it the
United States ordered the mobiliza-
tion of its 31,000 available fighting
men.

Theme For Story.

The above is the situation Julius
W. Muller outlines in the first chap-
ters of his wonderful story, "The In-
vasion of America," which the Tele-
graph has secured for publication in
serial form. It is a wonderful narra-
tive fact story based authoritatively
on the inexorable mathematics of war
and tells what can be done to oppose
an invading army with our actual
present resources in regulars, trained
militia, untrained citizens, coast de-
fenses, field artillery and all other
weapons of defense.

But One Assumption.

The author says in his foreword:
"The only theoretical assumption in
this series of articles is that the United
States is attacked. Every other in-
cident is a straight statement of what
absolutely must happen in such a case
with our military establishment re-
maining what it is today. In the
words of certain foremost military ex-
ecutives of the United States army
who have cognizance of these articles
it is "The Cold Truth."

"Nothing is overstated or un-
derstated. Every reference to military
efficiency, supplies of cannon, am-
munition and other implements, num-
bers of men in the various military
units, and so forth, is based consen-
sually on the actual resources shown
today in the official records of the mil-
itary establishments of the United
States."

Will Appear Soon.

The story is a remarkable expo-
sition of our defensive material and is
woven into a thrillingly interesting
work, which the Telegraph is sure
will be followed intently by its read-
ers.

The first chapters will be published
soon. Watch for the appearance of
this wonderful story.

Constitution Is Instrument Of Misrule—Says Sherman

(Associated Press)

Quincy, Ill., June 12—Defense of
constitutional government as such,
criticism of the principle of judicial
recall and the need of revision of the
Illinois constitution were chief points
of an address before the Illinois
State Bar Association here today by
Lawrence Y. Sherman, United States
senator. He said in part:

"Whether constitutions be written
or embodied in great unwritten
charters of common right, they never-
theless are restrictions upon either
popular majorities or arbitrary power
in the hands of kings. The propos-
al to escape from such limitations
by invoking a popular verdict is in
effect placing a temporary popular
majority above the constitutional re-
straints and defenses that safeguard

Plan Magnificent Residence For Rev. Peter J. Muldoon

Clergy of Diocese Consider Giv-
ing Bishop \$50,000 For
New Home

The Right Reverend Peter J. Mul-
doon, bishop of the Rockford diocese
of the Roman Catholic church, is to
be presented with \$50,000 for the
purpose of building a magnificent res-
idence. Announcement of the plans,
which have been under way for some
time, was made today by the Rev. J.
L. McCann, pastor of St. Mary's Cat-
holic church of Elgin.

Regarding the plan a Rockford pa-
per says:
"It is known that members of the
clergy and parishes have been desir-
ous for a long time of doing some-
thing in a big way for Bishop Mul-
doon as a testimonial of their esteem.
A few years ago it was proposed to
arrange a jubilee celebration in his
honor. Part of the plan was to pre-
sent him with a purse of \$40,000. At
that time the bishop declined to be so
honored and out of deference to his
wishes the plan was dropped."

SUPERVISORS WILL HAVE BUSY SESSION

MEETING OF COUNTY DADS WILL
PROBABLY LAST UNTIL
THURSDAY.

The board of supervisors will meet
in the June meeting Monday at 2 p.
m. at the court house. The board will
be in session until Thursday, as there
is much business to be taken up at
the session. The mandamus proceed-
ings brought against Lee county by
the board of Ogle county to compel
the Lee county board to appropriate
their proportion of the cost in the
construction of county line bridges
will be taken up during the coming
meeting for discussion. So far there
has been no petition filed by any of
the townships asking for county aid
in the construction of bridges. The
board will go in a body to the county
home to inspect the progress of work
at the new infirmary.

CRIMINAL CASES ON TRIAL IN CRABTREE'S COURT NEXT WEEK

JUNE LAW TERM OF COUNTY
COURT WILL BE CALLED
MONDAY P. M.

THIRTEEN CASES ON DOCKET

Nine Are New Actions—Jury Trials
Probable In Several of
the Cases.

The law term of the county court
will be convened Monday at 1:30 p.
m. by Judge John B. Crabtree. On the
docket appear nine new and four old
cases. Included in the new cases are
five appeals from justice courts and
four are state cases. Of the state cases
one is against Ned L. Bedient from
the east end of the county charged
with a statutory offense; another is
against Cecil Morrison of Rock Falls,
charged with wife abandonment; an-
other is against Daniel D. Leonard of
Harmon, charged with keeping a tip-
pling house open on Sunday and the
other is that of Charles Popa, charge
of assault. The last case was tried be-
fore Magistrate Kent, where the de-
fendant was given a fine. He appealed
the case.

A trial list will be made up for
the term and it is quite likely that a
jury will be empaneled to hear evi-
dence in certain of the cases.

TAX SALE MONDAY WILL NOT BE LARGE

THE AMOUNT OF DELINQUENCIES
THIS SPRING SMALLER
THAN USUAL.

The annual tax sale of lands and
lots on which taxes for the year 1914
have not been paid will be held Mon-
day at 10 a. m. in the county court
room at the court house, the sale be-
ing conducted by County Collector J.
E. Moyer. The taxes have been well
paid up this year and the sale will
not be large. In the past three years
there has been few delinquent assess-
ments, but this year little delinquent
drainage tax was turned over to the
county collector. There were no ob-
jections raised this year by any of the
railroads in the county regarding the
tax levied against them and hence
there is nothing to delay closing the
sale on Monday.

Resignation of Mr. Bryan Was Predicted For Some Time.

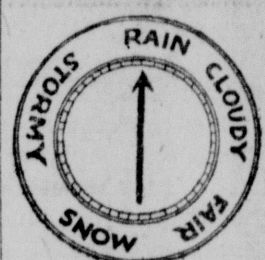

Photo by American Press Association.

The resignation of Secretary of State Bryan brought the event which had
been predicted almost daily since he took office under President Wilson on
March 5, 1913. How intense and deep seated was Mr. Bryan's passion for
the promotion of peace was signified in the first weeks of his incumbency
of the great office. He publicly announced in March, 1913, that the United States
never would have a war while he was secretary of state. This remark cre-
ated a more profound impression abroad than it did in this country, as has
since been evidenced in many ways.

PIPE DREAM FROM THIS CITY

Chicago Paper Says Dixon Churches
Must Get Permits to Open

The Chicago American of yester-
day contained the following false re-
port from Dixon:

Dixon, Ill., June 11—The Dixon
police department has issued a notice
to all the churches of that city that
they must obtain a permit from the
city clerk before they hold services.
The ordinance is an old one, but its
enforcement is a great surprise to the
church people.

Dixon—Needless to say, the story
is a pipe dream of some inspired cor-
respondent. Commissioner Van Bib-
ber told the press today that there is
no such ordinance in Dixon and no
attempt to enforce such a ruling will
be made.

Lee Center Folks Plan High School Course Next Year

Mass Meeting Friday Evening
Showed Desire On Part
Of Taxpayers

A mass meeting was held Friday
evening by residents of Lee Center at
the school house to discuss changing
the course of study in the public
school and making a four year high
school course. A. F. Jeanblanc presided
at the meeting and after explain-
ing the purpose of the meeting County
Superintendent L. W. Miller was
called upon to outline the best plan
to pursue. In order to add a high
school course certain conditions must
be met and additional teachers em-
ployed and this will necessarily add
to the expense of conducting the
school and a higher tax rate will re-
sult. All present were willing to bear
the additional tax burden in order to
get a high school course added where-
by the young boys and girls would
not have to be sent to a high school
in some neighboring city to complete
their course. It is not the desire to
have the school placed on the accred-
ited list of the state university, but
to add a more practical course in
which manual training and domestic
science will be taught. The meeting
was adjourned until next Thursday
evening, at which time further action
will be taken in regard to the mat-
ter.

fluence of liquor and is now lodged in

city in February and attempted to
pass the check while under the in-
fluence of liquor, which landed him in
jail.

ALLIES' GAINS NEAR GALLIPOLI GREATER THAN FIRST THOUGHT

ARE CLOSE TO TOWN OF GALLI-
POLI AND HAVE OCCUPIED
MAIDOS HILLS.

ITALIAN ADVANCE IS UNCHECKED

Today's Reports Show Successes for
Allies On the Russian and
Italian Fronts.

WAR SUMMARY.

(Associated Press)

Successes for the allies are report-
ed on the Russian and Italian fronts
and on the Gallipoli peninsula. Over
the Franco-Belgian line no move-
ments of more than passing impor-
tance are under way.

Teutons Suffer Losses.

Petrograd officially states that the
Austro-German forces south of Lem-
berg suffered severe defeats. The cap-
ture of several villages is announced
with many prisoners and much war
material taken.

Italians Not Checked.

The Italian advance across the Is-
onzo river has not been checked and
the occupation of the town of Grad-
isca is reported by Rome.

Allies Progress Rapidly.

Athens says the allies have made
greater progress than is claimed in
the official statements of Paris and
London. It is said the allies are now
close to the town of Gallipoli and
have occupied the hills around Mal-
des, which is fifteen miles from the
tip of the peninsula.

Two Trawlers Sunk.

The British trawlers Brittanie and
Waaga have been sunk by subma-
rines. The crews were saved.

The British steamer Leucra, 3,000
tons, and the trawler James Leyman
have been sunk by submarines with
no loss of life.

Turks Sink Russ Boat.

A Russian torpedo boat destroyer
has been sunk in the Black Sea by a
Turkish cruiser, says Constantinople.

Wide Prohibition Powers.

Wide powers to regulate the sale of
intoxicating liquors within prescribed
areas has been given to the "Central
Control of Liquor Traffic Board" by
a British order in council.

Norwegian Shipping Losses.

Norway has lost 29 vessels of all
classes since the outbreak of the war,
valued at \$7,500,000.

Austrians Blow Up Fort.

Fort Pozzachi, near Rovereto, a for-
midable Austrian defense, has been
blown up by the Austrians. The Ital-
ians are less than a mile away.

Athens, June 12.—Reports from Mi-

tylene state that the allies, after suc-
cessive attacks, have succeeded in
occupying two heights dominating
Maidos and have captured 700 Tur-
kish prisoners.

Eight of the allies' aeroplanes flew
over the firing line during the at-
tacks.

Russ Hurl Teutons Back.

Petrograd, June 12.—By the deci-
sive tactical victory of the Russians
in the Dnieper the general situation
in Galicia is substantially improved.
It is unlikely that the Austro-German
will be able to continue what is un-
derstood to have been his original
program and transfer large bodies of
troops from this front to the west.
Russians claim 9,000 prisoners and
fifty-eight machine guns.

Italians in Important Advance.

Rome, June 12.—An important ad-
vance by the Italian troops on the
eastern frontier of Tyrol, the capture
of Podestagno (Peutelsdorf), about
six miles north of Cortina D'Ampe-
zo, is announced in the official report
from General Cadorna. This shows
that the Italians in this district have
advanced about ten miles into Aus-
trian territory.

"boosting for Dixon" are requested
to notify either George Boynton,
Commissioner George Smith or
George B. Shaw before Monday eve-
ning, at which time the routings will
be made. Each of the advertising
crews will take a large amount of ad-
vertising matter and it is certain
that when they return Tuesday
night there will not be a community
within a radius of sixty miles that
will not know Dixon is going to pull
off the greatest celebration ever on
Monday, July 5.

Supper a Success.

The supper given by the Ladies Aid society of the Grace Evangelical church Thursday evening was an unprecedented success; in fact the society was "eaten out of house and home." Their thanks are extended to all who assisted in making the affair such a success.

Twentieth Anniversary

Twenty-five friends and neighbors of Mr. and Mrs. James H. Boyer gathered at their home last evening to aid in celebrating their twentieth wedding anniversary. The home was prettily decorated in red peonies and a pleasant evening was spent in social converse. A handsome set of Haviland china was presented to Mr. and Mrs. Boyer in token of the happy occasion, and refreshments of cream and cake were enjoyed.

North Dixon Alumni Meeting

The twenty-third annual meeting and luncheon of the North Dixon Alumni Association was held last evening in Kindergarten hall and nearly one hundred were present to talk over old times with members of their class and alumni friends. Many the story that went the rounds of what "we did when we were here," and extremely pleasant was the opportunity given to revive old associations and to become acquainted with the eleven new members of this year's class. Refreshments of delicious ice cream and cake were served upon the long tables, so prettily decorated in the white and gold of the incoming class of '15 by the Class of '14. Bouquets of white and yellow flowers, syringa, peonies, iris and lilies, were placed on the long tables while white and gold crepe paper was also used, and the refreshments themselves were carried out in the same colors.

Ralph Bates president of the Alumni acted as toastmaster and in a witty speech welcomed the incoming class to the association. Edward Howell, in words showing appreciation of the meaning of the Alumni Association, responded for the Class of '15.

The roll was called by Miss Decker, secretary, and Miss Olive Raffenberg read notes from absent members. Among them were notes from Clinton Fahrney, Mary Trestrail, Kenneth Smith and former Superintendent H. V. Baldwin.

Mrs. Leon Hart then favored the association with a beautiful piano selection, followed by Miss Charlotte Laing's toast, in which a beautiful tribute to a retiring member of the school board, E. C. Parsons, was given.

Beautifully rendered was the cornet solo played by Miss Fern Sennett, accompanied by Miss Cora Lynn of Crombie, on the piano, and this was followed by Everett Dutcher on "Modern Warfare" who gave a toast to Miss Ella Pratt as one in the van guard, fighting the hosts of ignorance in the interests of education, from which ultimately will come the world peace.

Miss Pratt responded to the toast, expressing pleasure at being present and gratitude for the appreciation of her efforts. Great pleasure was given by the beautiful lullaby in Miss Jennie Laing's excellent contralto, and Miss Beatrice Howell's reading on "The Professional Boarder." Miss Howell has just returned from Boston, where she graduated from the Edith Coburn Noyes school, and her reading was a finished interpretation, replete with expression. Miss Howell responded to an encore, giving expression to the feeling of a little child through the long church service.

One of the most interesting features of the evening was the talk given by Mrs. Nellie Decker Beech, returned missionary from China, who was a member of the class of 1892, the year that the Alumni Association was formed. Mrs. Beech told very interestingly of the schools of China as she found them when she first went there, and of the pleasing contrast furnished now through the fact that girls are being educated

through the efforts of the missionaries, and that up-to-date cleanly building take the place of the rude stalls which once served for the halls of learning. Co-education, Mrs. Beech said, is yet too advanced a step for China, but that the Chinese are willing at last to believe that girls have brains and memories is a great comfort.

The characters in the Chinese language are many and most difficult to learn, said Mrs. Beech, as a stroke in the wrong order in making a character changes the meaning. Slight changes in vocal inflection change the meaning of the word, as Mrs. Beech humorously illustrated by the story of the cook who was ordered by his English missionary master to bring home three chickens, and returned home after an all day search declaring that he had sought everywhere but that he could find no three wives for his master.

Mrs. Beech and her husband are connected with the Western China Union University, and in connection with the fact that China is awakening Mrs. Beech told of the large contributions made to the university by both the military and civil governors of the province and by the president of China, Yuan Shi Kai, himself.

Following Mrs. Beech's talk, President Bates called for election of officers, the election resulting in choosing Ray Miller as president; Everett Dutcher as vice president; Miss Olive Raffenberg as recording secretary and Daniel McKenney as corresponding secretary.

Superintendent Hagen, Attorney E. E. Wingert, and Ray Miller, the new president, were among those giving impromptu responses to toasts.

Pleasant Surprise

were married at the Christian parson were married at the Christian parson age, found their friends waiting to receive them when they entered their new home following the ceremony. Of course the usual group of serenaders lurked outside, ready to begin their discordant music.

Among other things of interest in the new home was a table loaded with mysterious, bumpy packages, which when opened proved to be pretty and useful things. At the end of a very pleasant evening ice cream and cake were served, and the guests departed with many best wishes and congratulations.

The couple were married Wednesday.

First Wedding Anniversary

Mr. and Mrs. Charles Self entertained a number of their friends and relatives with a 6 o'clock dinner last evening, the occasion being their first wedding anniversary. WHY MR. BRYAN GOT NERVOUS.

All America picked up the newspapers yesterday and with wide eyes and bated breath commenced to read the much talked of rejoinder sent by President Wilson to the Imperial German government. As the eyes traveled down the columns the breath came easier and by the time the article was finished the reader was in a perfectly normal mental and physical state. America pondered for a moment, on the completion of the reading—pondered over the man in the White House whom all America loves, and marveled at the wisdom and the patience and the kindness of this man who dares to do his duty to his people.

And then suddenly, all America thought of something else and leaned back and "laffed an' laffed an' laffed." And a chuckle has been going the rounds ever since when anyone thinks of the way William Jennings Bryan made his dramatic leap from the Ship of State when he thought he saw the wake of a German torpedo coming his way.

Mr. Bryan played a huge joke on himself or the nation, one or the other. He got the Chicago Tribune so excited that it printed a half page or more of editorial on the desperate situation and the esteemed "Trib" mobilized over night to repel boarders. If Bryan had been President he would probably have sent a box of bon bons to the Kaiser, if we are to judge by the way he carried on over the note that President Wilson sent.

The only real solution we can see to the affair is that Mr. Bryan could not stand to be tied down to his desk when the chautauqua season is opening.

SUBMARINES ON LONG DISTANCE RUNS.

The Chicago Tribune prints the following editorial on long distance runs by submarines:

The feat of the German submarine 51 in voyaging from Wilhelmshaven, Germany to Constantinople is one which will be noted by our naval authorities and, we hope, by congress.

The distance traveled is roughly estimated at 5,000 miles. It is 4,800 from Yokohama to San Francisco, and from Liverpool to New York approximately 3,000.

This is for the United States more than for any other nation, an epoch making event. It narrows the moat behind which we have dwelt in comparative peace during our national lifetime. It increases notably the facilities with which we may be attacked, and happily, when our invention and foresight have matched those of Germany, it will increase our resources of effective defense.

At present our submarine arm is weak. But in the light of the lessons of Germany's operations it may be hoped that it will be progressively improved and strengthened through the skill of our experts and the awakened support of congress.

Now that the submarine arm is so long an arm we should see that ours is as long and strong as any. Well supplied with such craft as Germany has perfected, the transport of hostile expeditions across three or five thousand miles of sea would be a very hazardous undertaking which only extraordinary provocation or temptation would justify.

THE LINCOLN HIGHWAY.

The Elizabeth, N. J., Journal's editorial on the Lincoln Highway as copied in the Lincoln Highway Bulletin, is interesting:

The Lincoln Highway appeals to the imagination in many ways. It satisfies as a practical, usable, beneficial memorial to a great American. It is important because it links together all sections of the nation which the great Commoner gave himself in life and death to unite and make great.

It will be another Applan Way, a Way that for use and beauty and culture and sentiment will transcend the Roman highway.

It appeals to the imagination as a means of further developing this country. It will become a main artery of traffic into which will flow the traffic of all the adjoining country. It will furnish the means of bringing the East and West, the North and South, into more intimate relations.

Civilization in all time has been most readily extended and promoted in those countries where people are brought into most intimate touch with each other. Ready inter-communication has been the means that has most strengthened a nation's character.

ROOSEVELT CHANGES FRONT.

Theodore Roosevelt is profiting by the scoring he got recently and is learning some things by the way people think about Bryan, and he is improving, although at that, the Colonel has a long way to go before he will ever be back in the position he once held in the estimation of the American public. He is simply following the crowd now and his changed opinions are welcome but a trifle tardy.

Mr. Bryan would have us wait a year to find out whether Germany was going to quit blowing up American people and American boats. The theory sounds fine but by the time we got the decision the boats would all be blown up and the population of the country would be sadly depleted.

The Atlanta Constitution, of Atlanta, Georgia, is said to be printing a notice that it regards our most bunglesome ex-Secretary of State, Will Bryan, of Lincoln, Neb., a public nuisance and that it will print no more of his statements.

Dixon is getting considerable free advertising in the Lincoln Highway Bulletin, which is sent out regularly to newspapers in all parts of the United States. The last two issues have re-printed editorials from the Dixon Evening Telegraph.

A newspaper headline says "Ex-Secretary Bryan Urges German-Americans to Keep Peace." The ex-Secretary is a fine one to be telling the German-Americans to keep the peace. He came nearer disturbing the peace than anyone else.

If you think you are playing in hard luck because your automobile has no self-starter remember that there are people in Europe who shout for joy at the sight of a plate of beans.

BELIEVE MYSTERY OF POISONING IS SOLVED

Suicide Coroner Suspected of Murder as Business Aid.

Spencer, Ind., June 12.—James McClure, acting coroner of Owen county, filed his finding in regard to the death of F. Edward Drescher, coroner of Owen county who was found dead in his home a little over two weeks ago. The acting coroner finds "that the probable cause of his death was from poison administered from his own hand." It is believed that Drescher administered the poison to himself hypodermically.

Investigation of the sending of strychnine through the mails and deaths that had resulted from poison was under way at the time Drescher died and there was a report in circulation that Drescher had been advised that he was under suspicion in this connection. A postoffice inspector was working in Spencer at the time Drescher was found dead and there was a rumor that Drescher was to be arrested the next morning. Public interest was high on the question of whether Drescher committed suicide, as this was one of the points that was regarded as likely to establish whether he had any knowledge of the poison mystery that has puzzled Owen county for many months.

Drescher was coroner of the county and an undertaker and the motive for his suspected acts was to make murder an aid to his business.

MYSTIC WORKERS IN BIG MEETING FRIDAY

LARGE CLASS WAS INITIATED—
PROMINENT VISITORS WERE
PRESENT AND SPOKE

The Mystic Workers held one of the best meetings Friday evening that has ever been held in the history of the order. Although the weather was very warm, the hall was packed long before the Mystic hour arrived.

It had been advertised that 22 applications had been voted on at the last meeting, and the merry crowd of Mystics eagerly awaited the impressive work, which would make their membership complete, but when the names of candidates applying for membership were read everyone was astonished to find that the lodge had broken the record of May 28, by one application, and one transfer. All of these candidates were elected to membership, so look out for a big time on June 25.

The large class was divided, 16 being obligated, the remaining candidates receiving the full degree, which was given by the Degree team. The team appeared, costumed in white, and won the applause of all.

Supreme Lecturer B. E. Hayes, author of the Mystic Ritual, was present, and after the team had given the degree, Worthy Hayes proceeded to offer some suggestions, to the local team, showing them how they could add greatly to the work. Worthy Hayes complimented Dixon Lodge on having such a team as we have, and urged them on to greater work.

Supreme Editor Robert Toole was present, and extended greetings to Lodge No. 27. He said that being his neighboring lodge, he felt a keen interest in our work. Last but by no means least, our District Manager Henry F. Relein appeared among the speakers. Worthy Relein is always a welcome visitor, and he expressed his sincere delight at the rapid strides we were taking in the advancement of the work of the Mystics, which have over 81,000 members.

Mrs. Robert Toole was also with us, and extended greetings to the members of the order.

After the meeting, Misses Frances Busby and Frances Aekert rendered a beautiful piano duet, and graciously responded to an encore.

Refreshments were served to nearly two hundred, and the committee deserves credit for the way they managed the crowd.

But the good times for the Mystics do not end here. Deputy Hoover is chairman for the entertainment next meeting night, and it is Men's night, so wait for That Good Time they are planning for it must be a success.—Percy W. Busby, Press Correspondent.

Birthday Surprise.

Charles Stiteley left for Freeport and Mt. Carroll today for a visit of a few days before returning to his home in California.

Robert Beard and wife of Polo spent Friday evening with friends in Dixon.

Miss Dorothy Whitcombe arrived home today from Fairbault, Minn., where she has been attending school the past year.

Dramatic Notes

AT THE PRINCESS

Tonight Manager Slothower has booked a feature of popular interest entitled Shorty's Troubled Sleep, a broncho drama with Shorty Hamilton in the leading role. In this series the Broncho favorite proves himself a true knight by saving the life of a girl whom he is stealing a ride from and defends her from the outlaws who try to hold up the stage. The other pictures are a Keystone comedy entitled A Bear Affair, one of the best comedies ever released. The last reel is a Thanhouser drama entitled The Angel in the Mask, a clever detective story which ends in a romance.

FAMILY THEATRE

Large audiences were more than delighted with the vaudeville and pictures at the Family theatre last evening. The Parisian Trio, a tenor, baritone whose voices harmonize beautifully, accompanied by the music of the accordion played by a master hand, gave much pleasure to the audience who would have recalled them many times. McDonnell, comedian and whistler, in his imitations was far above the average, and his whistling of several songs was more like a flute or a piccolo than a person. His imitations of birds, etc., is wonderful.

Wheeler & Dollan, dancers, are certainly among the best, if not the best ever seen in Dixon. They are grace personified, and do stage and society dancing with spirit and finish.

The pictures at the Family theatre tonight are Ethel Clayton in The Unmarried Husband, Lubin drama in two parts; and "The Accusing Pen," Lubin comedy.

Pictures Sunday: Sidney Drew in "The Timid Mr. Tootles," Vitagraph drama in two parts; "Ingomar of the Hills," presenting G. M. Anderson.

All lovers of good vaudeville should not fail to see this excellent bill.

DIXON OPERA HOUSE

The Enterprise Stock company at the Opera House gave a performance of the famous old play "Forgiveness before a large audience last night. The dramatic and comedy situations were capably handled, and everyone was delighted with the show. The pictures also were up to the minute. The same performance will be given tonight. On Sunday the Enterprise stock company will present "Charley's Aunt," the great comedy ever written. The Enterprise Stock Company, the five members of which have made many friends in Dixon both on and off the stage, will remain several weeks longer, changing their plays four times a week.

NEW MITCHELL FOR 1915

Racine, Wis., June 12.—The Mitchell Lewis Motor Co. is out with a new six cylinder model christened the "Six of '15". This model shows advancement over the 1915 designs, not only in design of the body but in the chassis units as well. The new Mitchell has a block motor, as against pair-cast in the 1915 models. Its dimensions are 31-2 by 5. The wheel base is 125 inches, and rear suspension by cantilevers. Tires are 34 by 4.

The new body is fashioned after boat designs and has an uninterrupted line from the windshield base to the radiator filler neck. There is a tumble-in effect and a large bell-shaped back.

In its new block motor, the company has produced a decidedly neat and accessible unit. A removable cylinder head is employed. The carburetor fed from Stewart vacuum tank, is mounted rather high on the right side, bolts to the casting and feeds through cored passages. A hot air pipe is attached vertically to the carburetor and then carried over the top of the block to the exhaust pipe on the opposite side. Ignition is by a battery-type system with the distributor mounted on the left and driven from the timing gears.

Starting and lighting is by the single unit system. The drive from the motor is through a cone clutch and hollow propeller shaft to a floating axle.

Christian Church Circle.

The Christian Church Circle met in pleasant session yesterday afternoon at the home of Mrs. Frank Sproul, who was assisted in entertaining by Miss Nettz. The afternoon was spent in circle sewing and social chat until late in the afternoon when refreshments were served, about 35 were present.

Miss Nellie Slain is out from Chicago where she is taking a course in training at the Garfield hospital, for a visit with her parents.

MISREPRESENTATION.

I bought a pound of yellow cheese, the other day, from Grocer Wheeze. And as he wrapped it up he cried, "In this fine cheese I take much pride.

It's made from Jersey cream and milk, and you will find it fine as silk; it's absolutely pure and clean, contains no dyes or gasoline, it's rich and sweet, without a taint, dog-gone my buttons if it ain't. Oh, it will chase away your woe, and make your hair and whiskers grow." I took it home with eager feet, impatient to sit down and eat, for I am fond of high class cheese, which with my inner works agrees. But that blamed stuff was rank and strong, for it had been on earth too long. My wife, a good and patient soul, remarked, "Bring me a ten-foot pole, before you do your other chores, and I will take that cheese out doors. Before it's fit for human grub, we'll have to stun it with a club." What does a sawed-off grocer gain by such a trick, unsafe, insane? And what does any merchant make by boosting some atrocious fake? Yet every day we're buying junk which proves inferior and punk, although it's praised to beat the band; such things are hard to understand.

WOMEN OF ILLINOIS.

WOMEN EVERYWHERE ENDORSE THIS "FAVORITE."

Mt. Vernon, Ill.—"When I was very poorly, I doctored all summer with a physician and paid him fifty dollars for advice and medicine. I did not get fifty cents' worth of benefit. The following spring, being overworked, tired out and leaning of Dr. Pierce's Favorite Prescription, I tried one bottle. It helped me so much that I got three more. I kept gaining in health and after four months I was so well that I took no medicine for two years.

"If women in my condition will use Dr. Pierce's Favorite Prescription they will get the strength they need, with little expense."—Mrs. J. L. FALKNER, 1401 West Broadway, Mt. Vernon, Ill.

Thousands of women in Illinois who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

BRITISH CRUISER IS SAFE; REPORTED LOST

Vienna Tells of Torpedoing Ship Now in Harbor.

Lodon, June 12.—The British press bureau, commenting on the announcement at Vienna regarding the sinking of a British cruiser, said that the ship presumably referred to was safe in harbor, "not seriously damaged."

Innsbruck, Austria, June 12.—(By courier to the Swiss frontier and Geneva.)—Announcement has been made here by the Austrians that one of their submarines yesterday sank a British cruiser of the Liverpool type at a point thirty miles off St. Jean Medua in the Adriatic.

Berlin, June 12.—(By wireless to Sayville.)—An official statement is issued at Vienna under date of June 10 announcing that the Austro-Hungarian submarine No. 4, commanded by Lieutenant Singule, torpedoed and sank a small British cruiser of the Liverpool type on June 9 at a point thirty miles west of St. Jean Medua, on the Albanian coast. The British cruiser was being protected by six torpedo boat destroyers.

SHERMAN TALKS ON STATE CONSTITUTION

(Continued from Page 1)

eral Assembly, saying that "It has become a potent instrument of misrule." He characterized the system as "an artificial basis of representation giving enhanced power."

He also suggested that the operation of submitting amendments to the organic law of the state should be relaxed so that more than one amendment might be submitted at a time or so that less than a two-thirds majority of each branch of the legislature would be required.

Can Govern Selves

The Bill of Rights, distribution of powers, restrictions of appropriations by the legislature, prohibition of special legislation and restraints on officials handling public funds, as well as other elemental provisions of the document the senator thought should not be changed. He especially endorsed the present judicial system of the state as adequate. He said however, that the article on education and the subjects of corporations and railroads in article Eleven, could be rewritten without working hardships to concerned interests. He added:

"I have been of the opinion for

years that Illinois was entitled to a constitutional revision and I am not afraid of the ability of the people of this state to govern themselves, to revise their constitution with justice to all and stability to our system of self government."

2 COLLEGE HEADS HONORED

Tactful Man.
"I must say these are fine biscuits!" exclaimed the young husband.
"How could you say those are fine biscuits?" inquired the young wife's mother in a private interview.
"I didn't say they were fine. I merely said I must say so,"—Washington Star.

Trying to Sugar-Coat the Worst Bill in the Legislature

ADVOCATES of the 50-car freight train limit bill have abandoned their contention that freight trains of more than 50 cars are unsafe. They are now trying to push through the legislature, at the eleventh hour, an amended bill to limit the length of freight trains to 75 cars.

This is a crafty attempt to befog the question at issue. It is an attempt to disguise a viciously bad bill with a pretense of "compromise."

Deserves the Fate of the 50-Car Bill

When the people of Illinois learned the full meaning of the 50-car limit bill, its passage became impossible. Aroused public opinion killed it for four good reasons, namely:

1. Because it was viciously wrong in principle and wrong in purpose.
2. Because it would have destroyed the investment of millions of dollars laid out to improve railway service in Illinois.
3. Because it would have added \$7,000,000 a year to the cost of railway transportation in Illinois by adding unnecessary railway jobs and equipment.
4. Because it would have increased accidents of all kinds on the railways of Illinois.

These reasons stand on the same sound footing against limitation of freight train length to 75 cars

Shown to Be Wrong But Won't Give Up

In proposing this "compromise", the advocates of a train-limit law are as much as saying to the people of Illinois:

"We were wrong when we told you our 50-car bill was a 'safety measure' to decrease accidents. You caught us trying to 'put over' something.

"But we want to make the railways employ more men whether needed or not. If you won't stand for having \$7,000,000 a year added to the cost of transportation, we'll make you stand for something less. We are going to make this bill look like 'a fair compromise' and force it down your throats whether you like it or not."

Cannot Stand the Light of Common Sense

Every argument advanced for the 50-car limit bill was proved to be unsound. Every argument for a 75-car limit bill is equally unsound because the bills are alike in principle and in effect. These attempts to limit railway service by legislation have failed practically everywhere. They cannot stand up under the searchlight of common sense.

Other States Reject Train-Limit Bills

In forty states attempts have been made to limit the length of trains. All of these states except Arizona have thwarted these attempts. During this year, these arbitrary train limit bills—proposing limits varying from 30 cars to half a mile—have been up in nineteen state legislatures and have been passed in none. Investigation and calm deliberation always defeat them, because limiting length of trains would increase accidents and increase transportation costs.

Tell your representatives in the State Legislature that you are against this eleventh-hour attempt to revive a justly dead bad bill by pretending to offer a "compromise." There is no such thing as honest compromise with bad legislation.

TO RETURN "PELICAN" FLAG

Banner Captured in Civil War to Be Returned to Louisiana. Springfield, Ill., June 12.—Through the determined efforts of Mrs. Alice Bradford Wiley and the United States Daughters of 1812, the famous "Pelican" flag of Louisiana, more than 100 years old, which was carried through the war of 1812 and through the civil war by Louisiana troops, is to be returned to Louisiana.

The flag was captured by Illinois cavalry at the battle of Black river bridge in 1863, and since that time it has been on display at Memorial hall in Springfield. The "Pelican" flag was so named because it has a pelican in its center. The legislature at Springfield has just passed a bill authorizing the return of the flag. A committee of the United States Daughters of 1812 from Louisiana is expected in Chicago some time during the present month to receive the flag. Mrs. James H. Stansfield of Oak Park is president of the Illinois organization.

MISS JANE ADAMS IN PARIS

Says Belligerents Shrink From Peace Talk—Belgium Biggest Problem. Paris, June 12.—Miss Jane Addams of Chicago arriving in Paris told her correspondent that she gathered from conversations with statesmen in England, Germany, Austria and Italy that it would be most difficult to influence any of the belligerents for peace on account of the fear that the suggestion might be taken as a sign of military weakness. All felt that the suggestion must come from a neutral nation, preferably from the United States. Miss Addams regards the question of Belgium as the greatest difficulty to be solved.

VANDALISM HINTED BY ROME

Austria Charged With Planning Attack on Historic Cathedrals. Rome, June 12.—Reports that anti-aircraft guns have been mounted on the top of St. Marks at Venice and the cathedral at Milan, where a wireless installation is said to have been made, are spread by the Austrians with a view to justifying an aerial bombardment of these churches. It is officially stated here that these reports are utterly unfounded and it is said they foreshadow an attempt by the Austrians to emulate the German attacks on the cathedrals of Leuven and Rheims.

ENDORSED AT HOME

SUCH PROOF AS THIS SHOULD CONVINCE ANY DIXON CITIZEN.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Dixon adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

D. G. Miller, Prop. furniture store, 113 Peoria avenue, Dixon, says: "I am bothered every now and then by disordered kidneys. My back gets sore and I feel poorly. I also have dizzy spells. When one of these attacks come on, I use Doan's Kidney Pills and they promptly relieve the trouble. Another of my family has also used Doan's Kidney Pills with good results."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y.

Gas Saver OVENS

In a large gas stove oven you burn as
much gas for a small baking as you do
for a large one. Our little Lady Elgin
gas saver oven will bake 1 or 2 pans of
biscuits or cookies or 1 or 2 pies or cakes
with a top burner, turn on one-half.
Many kinds of baking will be done before your large
oven would be hot enough to use. The saving in gas
is very great.

The berries are exceptionally fine, both in size and flavor
owing to the good weather conditions for ripening.

We can not say when the cheapest prices will be made
but according to outside markets, good berries are low
enough as the growers can ship at present prices and
net the usual price here at this writing. And again you
will find that the few first pickings of a berry patch are
the finest fruit of the season.
